Lesson Plan Template

Lesson Information				
Subject:	**Period / Time:**	**Date:**	**Grade:**	**Name:**
Goal for Lesson:				
Topic:				
Standard(s):				
Materials and Resources:				
Understanding(s): *What deep understanding will students have as a result of this lesson?*				
Essential Question(s): *What ideas or concepts will students seek answers for during this lesson?*				
Knowledge and Skills:				
Performance Task:				
How will students be assessed?				

Sequence of Activities		
Task / Activity: *Consider what Quality Plus Teaching Strategy will best support this task or activity*	**Time:**	**Description (provide step by step instructions to include teacher activity, student activity, and transitions):**
Engage Students / Hook: *How will I begin so that students are engaged?*		
Lesson Introduction (I Do, You Watch): *How can I best teach new concepts, content, or skills to students to ensure they learn? How can I model strategies or techniques for students? What visual tools or organizers would assist students in grasping new concepts?*		
Guided Practice (I Do, You Help – You Do, I Help) *Can students describe what you modeled for them and why? What steps can you take to have students practice the strategy? How will you check for understanding?*		
Independent Practice (You Do, I Watch) *What independent task(s) will students demonstrate understanding of the concept or strategy? Did I word directions*		

clearly so students can understand? Did I provide written directions for students to refer back to at another time?		
Closing / Wrap-Up / Reflect / Review *How will students summarize and share their learning? What reflective questions will help students think deeply about their learning? How will you connect back to the Essential Questions or Understandings? Is there a product that should be turned in? How will that product be collected? When will you assess student learning?*		
Differentiated Instruction *How will I ensure all students are engaged in learning by providing the right support and challenge? How can I modify parts of this lesson to meet the diverse learners in my classroom?*		**I will use students' Learning Profile to differentiate** *(I need to know which students are kinesthetic, musical, linguistic, visual, etc. learners)* Describe what data you will use below.
		I will use students' interest to differentiate *(I will need data from an interest survey)* Describe what data you will use below.
		I will differentiate based on student Readiness *(I will need performance data on student abilities on the concepts covered)* Describe what data you will use below.
		I plan to Differentiate the Content of the lesson *(I may need to create a new lesson plan)* Describe how you modify the content.
		I plan to Differentiate the Process of the lesson *(I may need to have a small group session to review the steps and reintroduce the lesson a different way)* Describe how you modify the process.
		I plan to Differentiate the Product of the lesson *(I plan to use a Choice Board, Menus, or Learning Contracts)* Describe how you modify the product.
